

Session Title	First Place	Second Place
MONDAY		
Undergraduate Student Poster Competition: Ecology and Population Dynamics	Cathryn Pugh Kutztown University	Megan McHugh University of Alaska
Undergraduate Student Poster Competition: Frontiers in Entomology	Catherine Schlueter Georgia Institute of Technology	Gil Yerushalmi York University
Graduate Student Poster Competition: Agricultural and Forest Entomology	Conor Fair University of Georgia	Asha Wijerathna University of Alberta
Graduate Student Poster Competition: Apidology, Sericulture, and Social Insects: Ants and Termites	Manoj Pandey Tennessee State University	Sarah Bernard University of Florida
Graduate Student Poster Competition: Apidology, Sericulture, and Social Insects: Bees	Bernadette Mach University of Kentucky	Emily Wine Washington State University
Graduate Student Poster Competition: Biological Control and Insect Pathology	Erich Schoeller University of California	Patricia Prade University of Florida
Graduate Student Poster Competition: Ecology and Population Dynamics	Devika Bhalariao Louisiana State University	Eric South University of Illinois
Graduate Student Poster Competition: Ecology of Pesticides, Resistance, Toxicology, and Genetically Modified Crops	Katherine Beadle University of Exeter	Tara Celetti University of Guelph
Graduate Student Poster Competition: Frontiers in Entomology	Jinlong Han Indiana University-Purdue University	Dayane Reis Montana State University
Graduate Student Poster Competition: Genetics and Evolutionary Entomology	Kenneth McKenna Duke University	Natalia Araujo Universidade de São Paulo
Graduate Student Poster Competition: Insect Chemical Ecology	Chaminda De Silva Weeraddana University of Alberta	Olufemi Ajayi Auburn University
Graduate Student Poster Competition: Invasive and Exotic Entomology	Amanda Chamberlain The University of British Columbia	Riley Lovejoy University of Alabama
Graduate Student Poster Competition: RNAi and Gene Expression Control in Insects	Smitha George University of Kentucky	Lina Aguirre-Rojas Kansas State University
Student Virtual Poster Competition: Undergraduate	Xareni Can University of Costa Rica	Mariusz Kanturski University of Silesia
Student Virtual Poster Competition: Graduate	Adam Blake Simon Fraser University	Rozilawati Harun Universiti Sains Malaysia
Undergraduate Student Oral Competition: Frontiers in Entomology	Alexandria Payne Texas A&M University	Conrado A. Rosi-Denadai Universidade Federal de Viçosa
Graduate Student Oral Competition: Apidology, Sericulture, and Social Insects: Honey Bees I	Michael Smith Cornell University	Avery Russell University of Arizona
Graduate Student Oral Competition: Apidology, Sericulture, and Social Insects: Termites	Tian Wu University of Western Ontario	Colin Funaro North Carolina State University
Graduate Student Oral Competition: Biological Control and Insect Pathology: Entomopathogens and Weed Biocontrol	Lori Moshman Louisiana State University	Samantha Willden Utah State University

Session Title	First Place	Second Place
Graduate Student Oral Competition: Biological Control and Insect Pathology: Predators	Pablo Urbaneja-Bernat Universitat Jaume I	Molly Dieterich Mabin The Ohio State University
Graduate Student Oral Competition: Ecology and Population Dynamics: Behavior	Kayla Perry The Ohio State University	Sarah Parsons North Carolina State University
Graduate Student Oral Competition: Insect Immunology	Erica Harris Emory University	Erin Cole Northeastern University
Graduate Student Oral Competition: Invasive and Exotic Entomology: Drosophilids	Heather Leach Michigan State University	Catherine Little Memorial University of Newfoundland
Graduate Student Oral Competition: Medical and Veterinary Entomology: Ticks	David Theuret University of Tennessee	Tanya Josek University of Illinois
Graduate Student Oral Competition: Urban Entomology in a Changing Environment: Biting Pests	Zachary DeVries North Carolina State University	Michael Fisher North Carolina State University
Graduate Student Oral Competition: Agricultural and Forest Entomology: Forest Pests	Kenton Sumpter Virginia Polytechnic Institute and State University	Thomas D. Whitney University of Georgia
Graduate Student Oral Competition: Agricultural and Forest Entomology: Hemipteran Pests	Michael Eisenring Agroscope	Jessica Grant University of Maryland
Graduate Student Oral Competition: Biodiversity, Biogeography, and Conservation of Arthropods: Diversity	Heather Stever University of Hawai'i	Katherine Todd The Ohio State University
Graduate Student Oral Competition: Insect-Plant Interactions in a Changing Climate	Kristi Backe North Carolina State University	Lawrence Long North Carolina State University
Graduate Student Oral Competition: Integrated Pest Management and Sustainable Agriculture: Landscape Systems	Hanna Kahl University of Maryland	Eric Middleton University of Minnesota
Graduate Student Oral Competition: Morphology, Systematics, and Phylogeny: Flies, Lepidopterans, and Others	Timothy Anderson Purdue University	Erin Campbell University of Alberta Melanie Scallion Carleton University
TUESDAY		
Undergraduate Student Poster Competition: Medical and Veterinary Entomology	Brenda Hernandez-Barron The University of Texas	Samantha Sawyer Bridgewater State University
Undergraduate Student Poster Competition: Morphology, Systematics, and Phylogeny	Sharla Rafferty University of South Florida	Taylor Greenan University of South Florida
Graduate Student Poster Competition: Acarology and Stored Products	Adekunle Adesanya Washington State University	Barbara Amoah Kansas State University
Graduate Student Poster Competition: Arthropod Vectors of Animal and Plant Disease	Sofija Todorovic Arkansas State University	Tina Nations Mississippi State University
Graduate Student Poster Competition: Insect Immunology	Nadya Muchoney University of Nevada	Carmen Mo University of Nevada
Graduate Student Poster Competition: Integrated Pest Management and Sustainable Agriculture: Management Tactics	Kathryn Ingerslew University of Missouri	Binita Shrestha University of Missouri

Session Title	First Place	Second Place
Graduate Student Poster Competition: Integrated Pest Management and Sustainable Agriculture: Pest Physiology	Kaelyn Hunter University of Guelph	Robert Orpet Washington State University
Graduate Student Poster Competition: Medical and Veterinary Entomology	Jessica Thomson Kansas State University	Xiaodi Wang Auburn University
Graduate Student Poster Competition: Morphology, Systematics, and Phylogeny: Flies, Hemiptera, and Lepidoptera	Ali Kareem Newcastle University	Crystal Klem Purdue University
Graduate Student Poster Competition: Morphology, Systematics, and Phylogeny: Springtails, Beetles, and Hymenoptera	Svetlana Orlovskyyte Nature Research Centre	Cristian Beza-Beza University of Memphis
Graduate Student Poster Competition: Physiology and Biochemistry: Moths and Mosquitoes	Ruby Harrison University of Georgia	David McKinney University of Georgia
Graduate Student Poster Competition: Physiology and Biochemistry: Physiology	Drew Spacht The Ohio State University	Loren Rivera Vega Pennsylvania State University
Undergraduate Student Oral Competition: Ecology and Population Dynamics	Mathilde Gaudreau Université de Montréal	Chunhan Shih National Changhua University of Education
Undergraduate Student Oral Competition: Entomology Around the World	Shelby Kilpatrick Texas A&M University	Ryan Selking Texas A&M University
Graduate Student Oral Competition: Apidology, Sericulture, and Social Insects: Ants	Peter Marting Arizona State University	Kaitlin Baudier Drexel University
Graduate Student Oral Competition: Apidology, Sericulture, and Social Insects: Honey Bees II	Sandra A. Wheeler Pennsylvania State University	Seo Hyun Kim University of Otago
Graduate Student Oral Competition: Ecology of Pesticides, Resistance, Toxicology, and Genetically Modified Crops: Bt Toxins	David Ingber University of Delaware	Jordan Reinders University of Nebraska
Graduate Student Oral Competition: Genetics and Evolutionary Entomology: Behavior	Adena Why University of California	Miles Zhang University of Central Florida
Graduate Student Oral Competition: Medical and Veterinary Entomology: Livestock Pests and Decomposers	Jean Marcel Deguenon North Carolina State University	Krystal R. Hans University of Windsor
Graduate Student Oral Competition: Physiology and Biochemistry: Physiology	Liu Yang The Ohio State University	Isobel Ronai The University of Sydney
Graduate Student Oral Competition: RNAi and Gene Expression Control in Insects	Mary Mills Kansas State University	Paul Airs University of Wisconsin
Graduate Student Oral Competition: Ecology of Pesticides, Resistance, Toxicology, and Genetically Modified Crops: Insecticides	Aditi Dubey University of Maryland	Mike Bredeson South Dakota State University
Graduate Student Oral Competition: Insect Chemical Ecology	Anne Jones Pennsylvania State University	Kevin Cloonan Pennsylvania State University
Graduate Student Oral Competition: Integrated Pest Management and Sustainable Agriculture: Agricultural Systems	Ryan Schmid Kansas State University	Ashley Lyons Edge Hill University
Graduate Student Oral Competition: Medical and Veterinary Entomology: Biting Diptera	Asher Kantor University of Missouri	Leticia Smith Cornell University

Session Title	First Place	Second Place
Graduate Student Oral Competition: Morphology, Systematics, and Phylogeny: Beetles, Bugs, and Others	Jillian Wormington Oklahoma State University	Logan Mullen University of Alaska Museum

WEDNESDAY		
Graduate Student Oral Competition: Biological Control and Insect Pathology: Biological Control	Diego Frago Universidade Estadual Paulista	Ricardo Perez-Alvarez Cornell University
Graduate Student Oral Competition: Ecology and Population Dynamics: Ecology and Evolution	Jacob Pecenka South Dakota State University	Kristen Brochu Cornell University
Graduate Student Oral Competition: Ecology and Population Dynamics: Pollinators	Pierre Lau Texas A&M University	Maria-Carolina Simao University of Michigan
Graduate Student Oral Competition: Genetics and Evolutionary Entomology: Population Genetics	Jonathan Bradley Reil University of Hawai'i	Alyssa Woronik Stockholm University
Graduate Student Oral Competition: Invasive and Exotic Entomology: Invasives	Erin M. O'Brien The Ohio State University	Julian Golec University of Delaware
Graduate Student Oral Competition: Physiology and Biochemistry: Abiotic/Biotic Effects	Scott O'Neal Virginia Polytechnic Institute and State University	Lauren Des Marteaux University of Western Ontario
THURSDAY		
Graduate Student Oral Competition: Agricultural and Forest Entomology: Pollinators	Brianne Du Clos University of Maine	Giuseppe Tumminello State University of New York
Graduate Student Oral Competition: Agricultural and Forest Entomology: Vectors and Others	Paul Chisholm Washington State University	Arinder Arora Texas A&M University
Graduate Student Oral Competition: Apidology, Sericulture, and Social Insects: Pollinators	Heather Grab Cornell University	Morgan Carr-Markell University of Minnesota
Graduate Student Oral Competition: Biodiversity, Biogeography, and Conservation of Arthropods: Butterflies and Others	John Carey National University of Ireland	Dale Halbritter University of Florida
Graduate Student Oral Competition: Functional Genomics and Transgenesis	Seth Donoughe Harvard University	Vanessa Simoes Dias University of Florida
Graduate Student Oral Competition: Integrated Pest Management and Sustainable Agriculture: Thrips and Others	Ashley Leach Cornell University	Zachariah Telfer University of Guelph
Graduate Student Oral Competition: Urban Entomology in a Changing Environment: Ants	MacKenzie Kjeldgaard Texas A&M University	Tim Luttermoser Purdue University
Graduate Student Oral Competition: Urban Entomology in a Changing Environment: Home and Warehouse Pests	Edwin Afful Kansas State University	Diane Wilches University of Lethbridge
Graduate Student Oral Competition: Morphology, Systematics, and Phylogeny: Hymenoptera	Huayan Chen The Ohio State University	Benjamin Blanchard The Field Museum of Natural History Xanthe Shirley Texas A&M University
