ESA Ad Retargeting

We offer advertising opportunities with Digital Ad Retargeting!

Ever look at a pair of shoes online, or a potential vacation spot, and then for the next couple weeks you notice that ads for those same shoes or vacation spot seem to be following you around the internet? That’s ad retargeting. Retargeting uses cookies to track visitors of one website and then reach those same visitors with ads on other websites.

ESA’s audience becomes your audience with ad retargeting. Get exclusive direct access to ESA website visitors and retarget them with your company’s ads that will showcase your brand, anywhere they visit online.

Receive detailed reports that allow you to see your campaign results in real-time including impressions, clicks, and geographical locations of ads served.

Here’s How It Works:

**STEP 1**
An internet user visits our website

**STEP 2**
The user exits our website

**STEP 3**
Your ad will appear on other websites the user visits

Your ad will appear on multiple major websites and mobile apps following the ESA audience wherever they go.

ESA Career Center

Place your ad front and center with individuals who are searching for job postings.

The Career Center is the second most visited page on the ESA site, averaging more than 5,000 unique visitors and 22,000 unique pageviews per month.

Leaderboard-style ads are available at the top and bottom of the page, and skyscraper ads can be placed on the right or left. The Career Center also offers a variety of branding options, including the ability to create a “brand profile page” that serves as a microsite where employers can post additional items, such as promotional videos.

Visitors to the Career Center spend more than one minute on each page—meaning your ads have ample viewing time.
